*Metal Mart's bolt-up building frames are produced primarily by Monarch Metal Buildings, a part of the McElroy Metal family. This guarantees that you are buying direct, which means better pricing for you!*

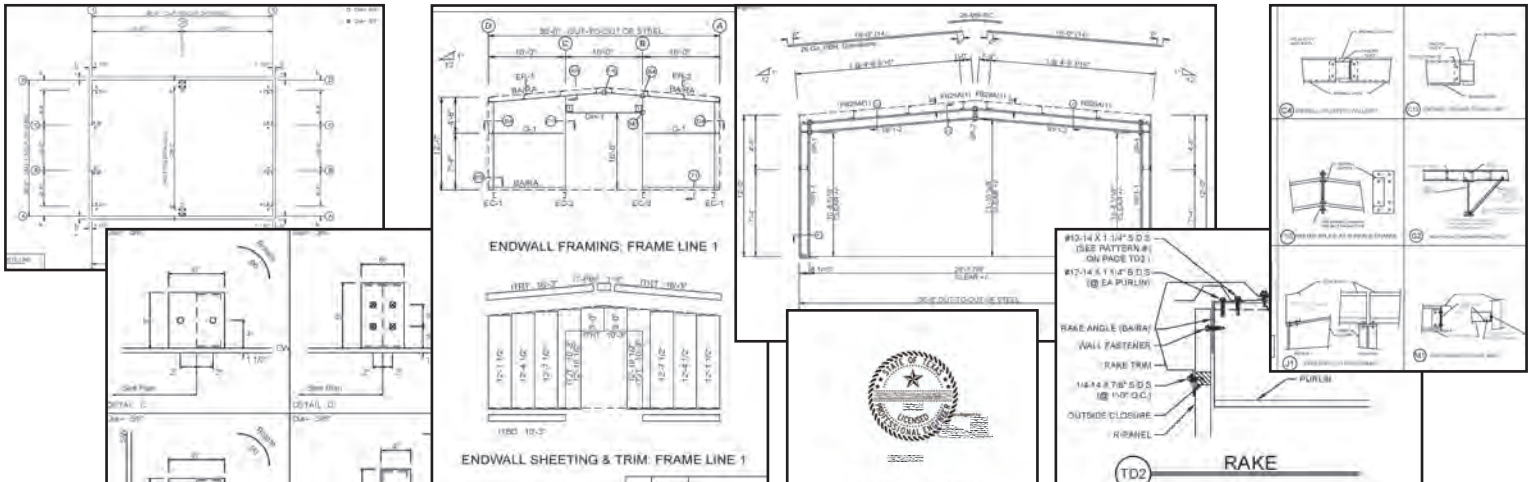

## BOLT-TOGETHER DESIGN

Metal Mart's Bolt-Up buildings are designed, fabricated, and produced using pre-welded and pre-punched members to ensure each piece fits together perfectly. Each of the various steel components are labeled according to the plans, and include all the appropriate bolts and fasteners needed to secure each piece.

## BUILDING ERECTION DRAWINGS

Metal Mart's Bolt-Up buildings are each provided with a full set of erection drawings/details and concrete bolt patterns. These plans are organized and labeled for ease of installation, and include fastening and field cut details for each section.
